Updated: Weekly

It is estimated that new movers will spend over \$7,000 in the first three months after their move. Every week nearly 300,000 people will move to new residences. New Movers are looking to establish new relationships and find new places to shop for all of the services they'll need in their new neighborhood. CAS brings you the industry's Most Comprehensive New Mover Mailing List. Compiled from more UNIQUE sources than any other new mover file on the market, American New Movers Plus offers more records, greater accuracy, and better coverage than other new mover files.
